Dear Madam Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed technical assistance agreement to include the export of technical data, defense services, and defense articles in the amount of \$50,000,000 or more.

The transaction contained in the attached certification involves the transfer of technical data, defense services, and hardware to support the Proton launch of the Intelsat 16 Commercial Communication Satellite from the Baikonur Cosmodrome in Kazakhstan.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Richard R. Verma  
Assistant Secretary  
Legislative Affairs

DEPARTMENT OF STATE  
TRANSMITTAL NO. DDTC 072-09  
CERTIFICATION OF PROPOSED ISSUANCE OF AN EXPORT  
LICENSE PURSUANT TO SECTION 36(c)  
OF THE ARMS EXPORT CONTROL ACT

(1) Foreign Country or International Organization to Which Export Will Be Made:  
Russia, Sweden, and Kazakhstan.

(2) Dollar Value of the Proposed Export:  
(a) Current Notification Value: \$75,000,000

(b) Initial Notification

(3) Description of the Transaction:  
(a) Current Notification Scope: International Launch Services (ILS) is responsible for the Proton Launch Services Agreement to market and sell launch services and to launch commercial satellites and foreign government satellites from the Baikonur Cosmodrome in Kazakhstan using Proton Space Launch Vehicles. ILS now seeks authorization for the Proton integration and launch of the Intelsat 16 Commercial Communication Satellite for Intelsat Corporation of the United States. Attachment 1 contains a list of all involved parties. The launch is scheduled between 1 December 2009 and 28 February 2010 and will be in accordance with all limitations and provisos of the launch services agreement, which includes DoD monitoring, and is in full compliance with U.S. Public Law 105-261, Sec 1514(a)(1) through (a)(7). The export authorization for the satellite and associated launch support equipment, including transfer to the launch provider, is being notified separately.

The current notification value represents the value of the contract for launch vehicle and launch operations between ILS and Intelsat Corporation.

(b) Total Scope: Initial Notification

(4) Offset Arrangement: None.

(5) Authorized Sales Territory: Not Applicable.

(6) Date Certification Delivered to Congress:

NOTE: This report, although unclassified, is derived from information submitted to the Department of State by the applicant which is subject to the confidentiality requirements of section 38(e) of the Arms Export Control Act. Disclosure of an applicant's prices and customers could result in competitive injury.
